Twice a year, **Las Vegas Market** is a hub for buyers stateside. We highlight some must-sees for visitors to the upcoming summer edition being held this July...

**What?** Las Vegas Summer Market | **When?** 24-28 July 2022 | **Web?** [www.lasvegasmarket.com](http://www.lasvegasmarket.com)

As we prep for the summer edition of Las Vegas Market, the show will present its largest-to-date temporary exhibits in the Expo, filling the facility with an international collection of hundreds of top brands highlighted by new pavilions and events on the trade show floor from July 24-27, 2022.

"Las Vegas Market temporary exhibits are the place for discovery this summer," says Scott Eckman, International Market Centers (IMC) executive vice president, chief revenue officer. "Wall-to-wall, the Expo will be brimming with compelling new products in gift and home décor. Every category has must-see brands

and new showcases are bringing fresh resources to market.

"The Las Vegas Market trade show floor will be buzzing this summer," he adds. "The excitement of new products will be matched with the hum of a new gathering place in the heart of the temporary exhibits. It's an experience not-to-be missed."

## Did you know?

The Housewares, Gourmet & Tabletop exhibitors are in building C on floors 1 & 11.

## Fact!

The state-of-the-art, 315,000-square-foot Expo at World Market Centre Las Vegas is contiguous with Building C, one of three permanent showroom buildings that comprise the World Market Centre Las Vegas campus, facilitating a continuous flow of traffic between the market's temporary exhibits and permanent showrooms.

## Riedel

### C105

Riedel will exhibit at the summer edition of Las Vegas Market. Expect to see Riedel Veloce an all new, varietal-specific collection that reimagines Riedel's angular designs and introduces the thinnest and most lightweight collection of any of Riedel's machine-made collections. The Riedel Veloce collection offers a thinner stem, finer bowl, and its tall design feels handmade, despite being machine-produced. The collection is available in nine varietal-specific styles – Cabernet Sauvignon, Riesling, Syrah/Shiraz, Pinot Noir/ Nebbiolo, Sauvignon Blanc, Rosé, Chardonnay, a Champagne glass, and a water glass.

The Riedel Drink Specific Double Rocks Glass will be the newest addition to the Riedel Drink Specific Glassware collection, designed in collaboration with Spirits Specialist Zane Harris. The Double Rocks Glass meets the need for a larger format glass to accommodate large format ice cubes and cocktails with a larger volume, with displacement factored in. The Riedel Drink Specific Double Rocks Glass joins the collection's six original styles – Neat, Rocks, Highball, Fizz, Sour and Nick & Nora.

Next, the Riedel Wine Friendly Collection is the ideal introduction to the enjoyment of wine through varietal specific glassware. Whether one is just beginning their wine journey, or looking to build out their wine glass collection, this is the perfect introduction point to Riedel's varietal-specific designs. The collection includes four glasses and a decanter for red wine, white wine, that can be interchanged for a champagne glass, an all-purpose tumbler, and a standard decanter.
