## FOREST, PRESERVE

**F**IRST LOOK ventures into the woods in search of hearty hues, captivating light effects, and mindful rejuvenation. The result is FOREST, PRESERVE, a reverential, grounded, and multisensory display of neutrals, fresh fragrances, and simplicity. Colors that recall the dimly lit forest floor dominate — think nutty browns, flinty stone, vermilion reds, and subtleties such as mycelium, lichen, mushroom, and bark. Meanwhile, bronze, brass, and gold metal finishes emit a comforting glow. FOREST, PRESERVE honors renewal and growth, and at the same time calls attention to our planet's fragile, vulnerable ecosystems.

### 14. Shayne LED Wireless Charging Desk Lamp

With a stylish blend of materials and host of useful functions, the Shayne desk lamp is the perfect lighting and charging solution for desks, tables, and countertops. With a sleek design and white and brushed steel finish, the lamp complements contemporary, mid-century modern or industrial décor. The white cylindrical shade enconces an integrated 5W LED light, while the brushed steel stem can be twisted and repositioned to direct the light wherever it's needed. The white 5.5" diameter base is both sturdy and multi-faceted, including a color-changing LED light, USB port, and wireless charging pad. Just place your compatible smart device on the charging pad for simple, cord-free charging, and easy access to your phone. For non-wireless devices, the lamp includes a USB port discretely located on the side of the base. Operated by a touch switch on the base, the shade light features three dimming settings, while the light around the base has full color-changing capabilities. The Shayne desk lamp is also available with a black or antique brass finish.
